Seven Year Plan to Shut Down Wichita Abortion Center and to Bring About a Positive Change to the Political Landscape of Kansas Begins Today

The plan is called Project LOVE, PRAYER, and PERSISTENT POLITICAL ACTION.

It is the most comprehensive and long-term plan ever undertaken by conservatives in Kansas. Its primary goal is to shut down the late-term abortion center at Kellogg and Bleckley Street in Wichita, but it is far more than that.

In addition to involving volunteers from all 105 Kansas Counties in an on-going peaceful, prayerful, witness outside of the internationally known Tiller late-term abortion center, the plan has an enormous political side to it.

The volunteers, who are willing to come and spend from two, to twelve, hours in prayer outside of the abortion chamber, will be the core pool of a potential candidates for precinct committeeman and precinct committeewoman as well as for state legislative positions, county commissions, and local councilmen and councilwomen throughout Kansas.

Unlike Operation Rescue in 1991, there will be no arrests and no blockades. Only the awesome power of prayer will be used to close this abortion chamber, just as the power of prayer brought down the walls of Jericho.

The prayer presence will be a united effort of Christians of all faiths, and will continue for seven years, or until the abortion chamber closes. A minimum of at least two (2) people in prayer will be present at ALL hours that the abortion center is open, but larger numbers will be present as the plan unfolds and more churches get involved. ###
