An introduction to...

The Kansas Coalition for Life

KCFL is the **only** statewide proLife group that does daily on-site work at abortion facilities in Kansas.

Since 2004, KCFL has documented over 500 babies saved from death at the last minute, at the gate of Kansas abortion facilities, by offering help to abortion-bound moms. We need your prayers, your time, and your financial help.

WE NEED YOU

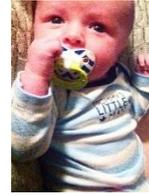

to pray and help by:

1. **Giving your time on-site**, offering printed literature and advice to incoming abortion clients. Shifts range from 1/2 hour to 2-hours, once per week, at a time schedule of your choosing. (You will receive training specific to the position you volunteer for.) We also need help in YOUR neighborhood or home.
2. **Please consider a small monthly donation.** About half of the mothers who schedule abortions do so for financial reasons. By offering to help them, as their last-resort-financial-resource, many, (over 500 since 2004) will change their mind, and keep their baby!

To learn more about KCFL, go to:

www.kcfl.net, and to

www.youtube.com/watch?v=YqXjvokeHeQ to see the best 'Confirmed Save' video in the nation. The video is only 2-minutes long. Little **Nikolaus**, shown here, is the result of what happened at the *South Wind Abortion Facility*, in Wichita, in February of 2015.

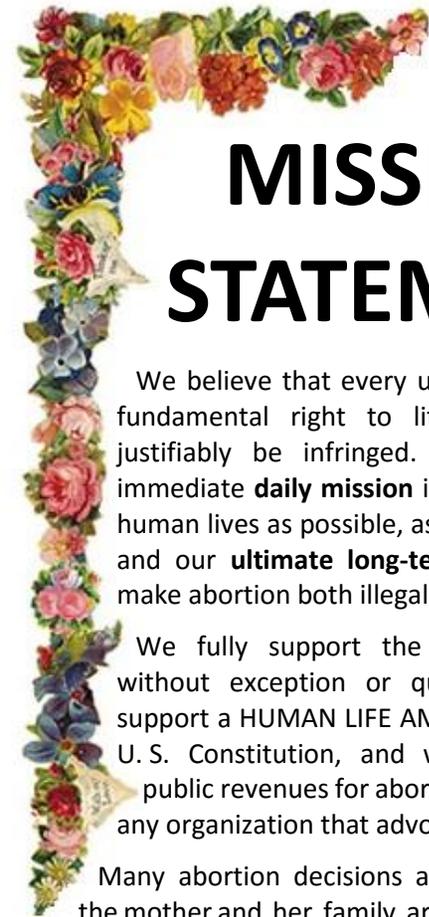

www.kcfl.net/doc/newsr/2009z08-saved-from-death.pdf is a story about **Anberlyn Rae**, saved from the *Tiller Abortion Facility* in Wichita in 2008, born in 2009, and is now a delightful joy to all who know her.

www.kcfl.net/doc/newsr/2012b18-precious-choice-update.pdf is a story about **Shayriah**, a 2010 'Confirmed Save' from the now closed *Aid-for-Women Abortion Facility* in Kansas City, Kansas. Little **Shayriah** is now a miniature "twin" of her beautiful mother.

www.kcfl.net/doc/newsr/2012n27-knights-help-save-cooper.pdf **Cooper Joe** was saved from being aborted at *Planned Parenthood* in Overland Park, Kansas in December 2011. He was born in 2012 and is now a handsome little man with a wonderful, loving, young mother!

MISSION STATEMENT

We believe that every unborn child has a fundamental right to life which cannot justifiably be infringed. Therefore, our immediate **daily mission** is to save as many human lives as possible, as soon as possible, and our **ultimate long-term mission** is to make abortion both illegal and unthinkable.

We fully support the LIFE PRINCIPLES without exception or qualification. We support a HUMAN LIFE AMENDMENT to the U. S. Constitution, and we oppose using public revenues for abortion or for funding any organization that advocates abortion.

Many abortion decisions are made because the mother and her family are unaware of the alternatives that are available to them. We are therefore present, on-site at Kansas Abortion facilities, offering real help to needy pregnant women, including direct financial support, housing, transportation, counseling and other assistance as needed, for as long as needed after the baby is born, giving the would-be abortion client a positive and tangible alternative to being forced to make a decision to kill her own child.

Our mission includes active political support of all laws, and proposals for new laws, at the local, state and federal levels, which promote and protect human life, and we oppose any law, and proposal for new laws, that fail to protect human life from conception to natural death.
