

*Kansas Coalition for Life*

# **MISSION STATEMENT**

The members of KCFL believe that every unborn child has a fundamental right to life which cannot justifiably be infringed. Therefore, KCFL's long-term and daily mission is to save as many human lives as possible, as soon as possible, and to make all abortion both illegal and unthinkable.

Specifically, KCFL supports all laws, and proposals for new laws, at the local, state and federal levels which promote and protect human life, and we oppose any law, and proposal for new laws, that fail to protect human life from conception to natural death.

The Kansas Coalition for Life fully and completely supports the LIFE PRINCIPLES without exception or qualification. We support a HUMAN LIFE AMENDMENT to the U.S. Constitution, and we oppose using public revenues for abortion or for funding any organization that advocates abortion.

Almost all abortion decisions are made because the mother and her family are unaware of the better alternatives that are available. Therefore, an important part of the KCFL Mission is to make abortion decisions unlikely, by offering real help to needy pregnant women, including direct financial support, housing, transportation, counseling and other assistance as needed, giving the would-be abortion client a positive and tangible alternative to being forced to make a decision to kill her own child.
