KCFL Calls for a Nationwide Boycott of Abortion Advertiser

By Mark S. Gietzen

For KCFL, a boycott decision is always a last resort. It is a tool used ONLY when nothing else works.

The decision to boycott **Clear Channel** started about 10 months ago, in August 2013, when **Clear Channel** began airing radio ads for the South Wind Abortion Facility in Wichita. See that story here: <http://kcfl.net/kcfl/doc/newsr/2013q29-clear-channel-challenges.pdf>

Clear Channel backed down at first, and we hoped that a boycott could be averted. But this past week, a new South Wind Abortion Facility Radio Ad began airing in Wichita, on FM 96.3 KZCH, a **Clear Channel** station.

Today, as this News Release is being sent, at least three **Clear Channel** Radio Stations in Wichita are promoting the South Wind Abortion Facility.

This leaves KCFL no choice but to take action, and all other options have been tried and have failed!

The timing of the new ad campaign is ironic, in that it comes amid the news of the horrible human atrocities happening in Iraq. The graphic images of bloody mangled bodies separated from the head appear near-identical to the graphic images that display the aftermath of late-term abortion.

Americans are rightly horrified by the video-taped beheadings and slaughter in Iraq that are showing up on Facebook and YouTube, but we have to admit that we have no *'moral superiority'* over ISIS Militants, when equally savage beheadings of our unborn children, are occurring every day in abortion facilities across America – now aided by **Clear Channel** radio advertising promotions!

KCFL is requesting the help of all proLife groups in America, in our effort to keep **Clear Channel** from making the killing of a human child seem like nothing more than the purchase of a commercial commodity.

KCFL recommends the following actions:

1. Find a **Clear Channel** radio station in your area, by going to: <http://www.clearchannel.com/CCME/Pages/StationSearch.aspx>.
2. Call your local **Clear Channel** radio station and complain. Forward this News Release to them if possible.
3. Call each business that advertises on **Clear Channel**, asking them to STOP GIVING MONEY to a corporation that is promoting abortion in America. Urge them to spend their advertising dollars with alternative advertisers.
4. Beyond monitoring **Clear Channel** for business contacts, STOP LISTENING to **Clear Channel**.
5. Spread the word to every person in America who opposes abortion. Let them know how urgent it is for them to get involved in, and to support this boycott effort.

NOTE: This boycott will continue, until **Clear Channel** changes its corporate policy about advertising for abortion facilities. The duration of this boycott could easily extend through the end of 2014 and beyond.

Until **Clear Channel** changes its policy in writing, and stops advertising for abortion providers, it will be our goal to make the South Wind Abortion Facility the ONLY remaining **Clear Channel** advertiser in America!
